Retraction Note: J Ovar Res 14, 52 (2021)
https://doi.org/10.1186/s13048-021-00800-5

The Editors in Chief have retracted this article. Concerns were raised about the similarity between the ROC curves for P / E2 ratio and for serum P in Figs. 2 and 3. The authors did not respond to a request to provide their raw data. The Editors have therefore lost confidence in the integrity of the results reported in this article. The authors did not state explicitly whether they agree to this retraction.
