Correction: Role of cerebroventricular size and surgical placement in modulating catheter flow distribution

Christopher W. Roberts[1], Brandon G. Rocque[2], Leopold Arko IV[3], Neena I. Marupudi[4], Sandeep Sood[3], Elise Yoon[5], Elliot Widd[6], Bryn A. Martin[7,8] and Carolyn A. Harris[9*]

Correction: Fluids Barriers CNS (2024) 21:108
https://doi.org/10.1186/s12987-026-00786-6

In this article, an error was identified in the **Computational Modeling Methods** section. In the sentence describing the placement of the rake for flow capture, **"Segment 8"** was incorrectly stated and should be **"Segment 4."**

The corrected sentence is as follows:

"The rake was placed to capture flow from the catheter tip, across the drainage-hole segments, and into Segment 4 to compare varying flow speeds (Supplemental Fig. 5–6)."

The original article has been updated.
